## CONNELLVILLE WILL REGISTER ABOUT 1,545

WASHINGTON, May 12.—Ten million men in the United States will be subject to the selective conscription on July 1. The ages agreed upon in the conscription report on the army bill, Director Rogers of the census bureau announced today. The number of men between the ages of 21 and 30 inclusive, represents very nearly 10 per cent of the total estimated population of between 103,000,000 and 104,000,000 on July 1, 1917.

Of the conscription eligibles the bureau estimates New York state will have 1,068,000; Pennsylvania, 874,000; Illinois, 639,000; Ohio, 401,300; and Texas, 420,200.

In the eight cities which had more than half a million population in 1916, the conscription eligibles on July 1 are estimated:

## GERMANS UNABLE TO RETARD HAIG

British Still Advance Through Hindenburg Line Despite Strong Opposition.

Telling blows were struck by the British at the Hindenburg line last night and early today. Near Bullecourt, where the main Hindenburg line had been pierced, a further successful thrust was made by General Haig's troops. This was pushed home and the objective gained despite the desperate effort during the last few days to compel the British to relax their increasing pressure on this vital point.

Further north beyond the Scarpe and along the Arras-Cambrai road, round also was gained. The purpose of the attacks was completely attained. The London official statement declares: "The German concentration of men and guns here has evidently been unable to prevent General Haig's advance when he was ready to attack the Bapaume-Queant switch in the Hindenburg line protecting Douai, one of the chief drive centers of the German front in Northern France."

Several hundred prisoners were taken by the British in these operations which the official report characterized as very successful.

On the Aisne and Champagne fronts, the French are keeping up a destructive artillery fire and harrowing the Germans by outpost attacks. Less energy is being displayed by the German artillery along the line held by the French, the only exception being the Verdun region where violent fighting in the neighborhood of Avoncourt wood is reported.

Nothing spectacular has occurred in connection with the British campaign in Mesopotamia since early this morning but an official statement issued in London today reports an important clearing operation by the British. The Turks have now been driven out of virtually all the lowland north of Bagdad, falling back to the Jebel-Hamrin range 60 to 80 miles from the city.

## GERMANS SAY THEY POUNDED FRENCH BACK

BERLIN, via London, May 12.—German troops operating in the Torny region of the Aisne front forced the French back yesterday at Vohelle ridge, says the German official headquarters statement.

Fifteen French and British aeroplanes were brought down, it was announced.

Fighting developed today between Asseville and Queant on the Arras front, the statement reports. The British, it is declared, were repulsed last night. The fighting is continuing at Roetz railway station.

## BERLIN REPORTS SINKING OF A BRITISH DESTROYER

BERLIN, via London, May 12.—The admiralty announces that a British destroyer was sunk on May 10 in an engagement between German light forces and British cruisers. The German account says the British vessel, reduced to speed to allow British ships to come within range and later attacked on the rear of the destroyer, which was proceeding to join the distant cruiser. The Germans ceased firing as the British vessel disappeared.

The British admiralty announced Thursday that a scouting force of cruisers and destroyers had sighted 12 German destroyers while cruising between the Dutch and English coast that morning. The British squadron, pursued the Germans but was unable to overtake them.

It was said the German destroyers were seen to have been 35 miles off the British coast and that on the British side one was slightly damaged.

## BOMBARDMENT OF ZEEBRUGGE ON

Flashes of Light and Sounds of Gunfire Indicate a Naval Engagement.

LONDON, May 12.—Flashes of light indicating another aerial attack on Zeebrugge were observed between 3 and 4 o'clock this morning, a Reuters dispatch from Flushing, Holland, reports.

Later heavy and continuous gunfire was heard from the west. It is believed a naval engagement was in progress.

## URGES GREEKS IN U. S. TO AID AMERICAN CAUSE.

Declaring, in effect, that American ideals should be Greek ideals, Venizelos, provisional president of Saloniki and former Greek premier, has addressed a proclamation to the Greeks in the United States. As reproduced in the National Herald, a Greek newspaper printed in New York, it follows:

"You have expressed the unanimous sentiment of all liberal Greeks in repudiating the king, with whom since the tragic events of December the nation has once and for all severed every tie."

"I congratulate you on your resolve to devote all your strength to the noble task undertaken by the United States."

"In your distinguished President's stirring and inspiring declaration, defining America's aims in the war, the Star Spangled Banner has become the symbol of humanity's purest ideal. Devotion to such a cause is henceforth the duty and privilege of every free man."

"I am convinced that the Greeks of the United States, imbued with this conception, will succeed in winning the active and highly valued sympathy of the great American nation—Venizelos."

## GOOD ROADS DAY TO BE GARDEN DAY

HARRISBURG, May 12.—"Good Roads Day" proclaimed by Governor Brumbaugh for May 24, in a proclamation issued last February was today changed to "farm and garden day" by the governor.

"The people are called on to devote that day to food production and to work in their own gardens or assist their neighbors."

## Must Not Strike.

WASHINGTON, May 12.—Seventy-five thousand bituminous coal miners of the second Pennsylvania district, threatening to strike May 15 as a protest against working conditions, were directed today by a special committee of their number to continue work. Council will hold a regular monthly meeting Monday evening.

## CONNELLVILLE HAS 1,545 MEN LIABLE TO DRAFT FOR ARMY

About 1,545 men between 21 and 30 years of age in Connellsville will have to be registered under the new conscription law. On the basis of one to every 22.70 Connellsville youths will be drafted for the first 500,000 men.

On the same basis, Uniontown will have 2,078 eligibles and about 95 will be subject to the first call.

## LOUGHREY BOYS BOTH "DOING THEIR BIT"

Ripley Loughrey, son of Mr. and Mrs. James Loughrey, a student at the University of Pittsburgh, has taken a farmer's job for the summer on one of the Baderock farms on Division road. Many Pitt students are taking these jobs, and all who do so are exempted from examinations, and will be given their releases from studies immediately.

"Rip" writes home that he will get a salary of \$20 a month, and will live in a small cottage equipped with all modern conveniences, including a shower bath.

Joseph Loughrey, a brother, a student in the same college, is a member of the Pitt base hospital corps and if that unit is called for service he will go to France. The government has practically decided to send some American hospital units to Europe to lessen the number of hospital ships, and the Pitt students may be one of those called.

## WILSON AND BRUMBAUGH THANK TRADES COUNCIL

B. W. Ellis, president of the Connellsville Trades and Labor council, has received from President Wilson and Governor Brumbaugh cordial acknowledgments of receipt of copies of the resolutions recently adopted by the local council declaring anew its allegiance to the flag and rendering the services of the members in whatever capacity Congress may authorize the President to use them.

From the White House the acknowledgment came in these words: "The President deeply appreciates your very generous and patriotic offer of your services, and he wishes in this informal way to express his grateful thanks."

Governor Brumbaugh expressed himself as "highly appreciating the patriotic impulses which prompted you and your associates to renew your allegiance to the nation in the present crisis."

## ROOSEVELT DIVISION AMENDMENT ORDERED BACK IN ARMY BILL

WASHINGTON, May 12.—By a vote of 215 to 178 the House today after a stormy debate voted to instruct its conferees on the army bill to restore the Senate amendment to permit Colonel Roosevelt to lead a division to France.

The bill, as agreed upon by House and Senate conferees, taken up today in the House with the supporters of Colonel Roosevelt's proposal to lead an army division to France conducting a light to have that provision put back in the bill. Despite the Colonel's request his friends not to delay passage of the act, Representative Anthony, leading the debate on the Republican side, moved to recommit the bill to the conference committee with instructions to reinstate the Roosevelt amendment. Two hours debate on that proposal were agreed upon.

## ATTACK ON WAR TAXES CONTINUE

Scores of Manufacturers Register Protests With Senate Finance Committee.

By Associated Press.  
WASHINGTON, May 12.—A general attack on the war tax bill continued today before the Senate finance committee. Scores of manufacturers and representatives of other taxed interests protested.

Taxation of parcel post packages were advanced by representatives of railroad and express companies who contend that it would only be fair to tax packages sent by parcel post, which competes with express companies.

The advertising taxes of the bill were attacked by J. A. Frost of Chicago, representing postal and outdoor advertising interests.

"The bill putting industry," he said, "will be practically put out of business and the government will lose the revenue calculated. The tax should be distributed over newspaper and magazine advertising."

## SENATE CUTS OFF CENSORSHIP PROVISION

WASHINGTON, May 12.—The newspaper censorship provisions were stricken entirely from the administration espionage bill today in the Senate by a vote of 39 to 35, on motion of Senator Johnson of California.

After the censorship had been stricken from the bill Senator Kirby of Kansas, introduced an amendment providing for a definite and strict censorship under the supervision of the secretaries of war and the navy and that was defeated 65 to 5.

Prohibition against the employment of or use of cereals or other edible things in the manufacture of beverage liquor the secretaries of War and the Navy was proposed as an amendment by Senator Cummings.

"Within one year," said Senator Cummings in offering his prohibition amendment, "if we may believe the people of this country and the countries with which it is allied will be starving. They may have enough to sustain life but not enough to sustain the strength to make them a vigorous fighting force. Either we will have to do without booze or without bread. I am in favor of doing without booze."

Senator Gallagher, the Republican leader, said he was in favor of the prohibition amendment and quoted from statistics to show seven billion pounds of food was used annually in the manufacture of liquor.

"If that is true," said he, "it is nothing short of a crime for the United States to sit idly by to allow the enormous consumption of the food supply in the manufacture of liquor which is injurious to the people."

"There is a similar amendment pending to the food conservation bill which has been introduced," objected Senator Overman, "and the proper place for the amendment is there."

Senator Curtis, Republican, said he was in favor of the Cummings amendment and that it should be attached to the espionage bill. "This is an important amendment," he said. "It will save millions of bushels of grain for the manufacture of bread and oil, food."

## HAS CLAIM ON CRAWFORD LAND

W. B. Shaw a Direct Descendant of Connellsville's Soldier Pioneer.

A fact not generally known here is that William B. Shaw of Connellsville is one of the oldest living heirs of Colonel William Crawford, Connellsville's distinguished pioneer, to whose memory a bronze monument was dedicated here on July 4.

Mr. Shaw's great grandfather, William McCormick, married Edie, a daughter of Colonel Crawford.

Mr. Shaw says he has secured a copy of Colonel Crawford's will, which was recorded in Westmoreland county, which formerly included what is now Fayette county. It reads: "I, William Crawford, do will and bequeath to my much beloved daughter, Edie McCormick, all that tract of land commencing at Stewart's crossing near the Sudom extending north of the Youghiogheny river for two miles in this territory."

That will also bequeaths to his son, William, all that portion of land west of the Youghiogheny river, which is now the West Side, Connellsville.

Mr. Shaw says that in examining the docket of the court he failed to find one portion of this property properly transferred. If such is the case Mr. Shaw might establish a claim to the land.

## MOTHER'S DAY PROGRAMS IN ALL CITY CHURCHES SUNDAY

"Mother's Day" will be observed in the churches tomorrow. Special services and sermons in honor of mothers, both living and departed, are planned. The custom of wearing a pink flower in honor of a mother who is living and a white one in honor of one who has passed away will be followed out extensively, although carnations, the flower usually adopted, were selling at 20 cents each at one store and 15 cents each at another. Some of the ministers of the city in view of the high cost of flowers urged the wearing of white or pink ribbons.

Newspaper advertising as a means of calling attention to its services has again been adopted by the Presbyterian church. On another page of The Courier, a display ad extends an invitation to Presbyterian mothers and those who have no church preference to come to the Mother's Day services in Sabbath school and church.

"We shall be honored by your presence. You will hear a mother's greeting, mother songs and a sermon for mothers. Come," reads the appeal.

Rev. H. A. Baum, pastor of the Cochran Memorial Methodist church at Dawson, will preach at the morning service from a Bible which belonged to the late Joseph Huston who was a captain in the Revolutionary war and a great grandfather of Rev. H. A. Baum, to whom the Bible, which is about 185 years old, belongs. Special music will be rendered by the church choir and each mother attending the service will be presented with a white carnation. Sunday evening, Rev. Baum and Rev. Thoburn, pastor of the First Methodist Episcopal church of Uniontown, will exchange pulpits. Rev. Thoburn will give an illustrated lecture on India and at this time the annual thank offering of the Woman's

Foreign Missionary society of the church, will be taken.

The following program will be carried out at 11 A. M. at the First Baptist church. Topic, "Mother, Home, Heaven," organ prelude; doxology; invocation and Lord's Prayer; selection by the choir; responsive reading, "Mother," prayer, followed by response by choir; song, "Mother's Day" (tune, "Rock of Ages"), written by Mrs. William Nelson, notices and offertory; solo, "My Mother's Prayer," by Charles D. Bailey; responsive reading, "Home," song "Home, Sweet Home"; sermon, "Mother, Home, Heaven," responsive reading, "Heaven," song, "Sweet By-and-By," dedicated verses, in memory of the mothers in heaven; benediction; organ postlude.

At Trinity Reformed church the day will be observed as "mother's and father's" day. At the United Presbyterian church, Rev. W. J. Everhart will preach on "Fulfilling Mother's Prayer" at the morning service. At Trinity Lutheran church the day will be known as "parents' day" and transportation will be provided for all the older folks who request it. At the Methodist Protestant church, Rev. J. H. Lamberson will preach on "Mothers." Rev. G. L. C. Richardson, pastor of the Methodist Episcopal church, will preach on the same subject.

At the Christian church all persons whose mothers are dead will receive bows of white ribbon, while bows of pink ribbon will be given persons whose mothers are living. Special music will be rendered by the church choir and Rev. Clark C. Buckner, the pastor, will deliver an appropriate sermon. Older members of the church will be conveyed to and from their homes in automobiles.

## SAFETY BOARD TO SELL 25 BUSHEL OF BEANS AT COST

Men to Stimulate Production of This Important Food Crop.

## FINANCES ARE DISCUSSED

Ways and Means of Raising the \$10,000 Needed to Carry on Food-Production Campaign Considered at Committee Session; More potatoes.

Twenty-five bushels of beans for seed, just about half the amount available in the Pittsburgh market, have been purchased by the finance committee of the Fayette county public safety committee. The idea is to increase the production of this important food crop in this county during the year. The seed will be sold at cost to farmers for seed purposes only.

Announcement of this new project of the county safety committee was made at a meeting of the finance committee at Uniontown yesterday afternoon. Ways and means of raising \$10,000 necessary to buy seed and otherwise prosecute the food raising campaign were discussed at the meeting.

Over 400 bushels of the second crop of potatoes have been ordered by farmers throughout the county. The first crop of 900 bushels was sold within a few days after the announcement was made of the committee's plan to provide seed potatoes.

The next car will be shipped to Connellsville.

A canvass throughout the county for contributions towards the \$10,000 fund will be started at once. Each member of the finance committee will appoint canvassers in his community, and they will start at once, as the fund is needed as soon as it can be raised.

## NEW FOOD FOR "HOGS."

Ice Cream Comes Good Substitute For Corn to Fatten Hogs.

CHICAGO, May 12.—A new food for hogs has been found in the shape of ice cream cones. Recently Edward and Nelson Morris, packers, purchased several tons of broken bits of cones from manufacturers at \$26 a ton and fed them to hogs as an experiment. Corn costs from \$1.50 to \$1.70 a bushel and the ice cream cone diet not only proved a saving of money but it produced a superior class of hogs according to the Morris.

## Uncle Michael Is 70.

"Uncle Michael Rafter of Ohioport was 70 years old this week. In honor of the occasion, friends tendered him a post card shower. By way of a celebration on his own part, 'Uncle' Michael worked all day Thursday and spent the evening hoeing potatoes in his garden. Mr. Rafter is a constant reader of The Courier."

## THOMPSON ASSETS TAKEN POSSESSION OF BY COMMITTEE

Acts Promptly to Prevent Dissipation of Financier's Estate By Judgment.

## CONTROLS ALL PROPERTY

Banks' Homes, Country Land and Big Coal Holdings, All Valued at More Than \$700,000, in Hands of Board Under Agreement Jan. 1916.

By action taken at a meeting of the J. V. Thompson Creditors' Committee held in Pittsburgh yesterday, it is believed that the sacrifice of the assets of the estate will be prevented. The creditors' committee having been notified by the opinion and decree of the Supreme Court, the properties of Mr. Thompson revert to the Creditors' Committee under the deposit agreement with the creditors dated January 31, 1916. By virtue of the authority given the committee by this agreement the committee has taken active steps to assume possession and control of the assets.

The result of this action, it is believed, will be to prevent the issuance of executions upon judgments and levy upon Mr. Thompson's property, and preserve the estate intact against dissipation by creditors. This property is now as completely under his hands as it was during the existence of the receivership, hence all control over his sale or other disposition is vested in the Creditors' Committee.

The conveyance to the Creditors' Committee completely divested Mr. Thompson of all his assets, hence by the assumption by the committee of the possession and control of these assets the contemplated action in involuntary bankruptcy will be frustrated. As matters now stand the committee is the sole owner of the Thompson estate and at the same time holder of more than 98 per cent of the \$13,000,000 unsecured claims, and in position to work out a settlement of the estate when and under conditions that will be most beneficial to the secured creditors. It is thought those unsecured creditors who failed or refused to assign their claims to the committee now have small chance to realize upon their claims.

It is understood, however, that negotiations are pending between the committee and some financial interests by which the committee expects to acquire all the unsecured claims represented by the committee by paying cash to the unsecured creditors. No details of this plan was given out following the meeting, but it is understood that the owners of the unsecured claims now in the hands of the committee will be given an opportunity of disposing of their claims for a cash consideration payable upon the assignment of judgments.

It was reported yesterday afternoon that the J. V. interest of the Great Northern railway had made an offer of \$2,000,000 for approximately \$12,500,000 of unsecured claims, which would yield the holders 40 per cent. Whether the offer will be accepted or rejected is not known.

## RED CROSS MUST RAISE GREAT SUM, PRESIDENT SAYS

Call Goes Out From National Headquarters For Immense Relief Fund.

## MEET HERE MONDAY NIGHT

Executive Committee Decides to Call Entire Membership Together Monday Night at 7 o'clock in the High School; A Big Turnout is Urged.

Following the receipt by Miss Sarah Seaton, secretary of the Connellsville Red Cross Chapter, of a telegram from the national headquarters, calling attention to the necessity of at once raising a large sum of money for Red Cross work, the executive committee has called a meeting of the entire chapter for Monday night at 7.30 o'clock in the high school. A big turnout is urged.

"Contribute sums great or small," President Wilson urges in a statement regarding Red Cross work, issued May 10. The letter to Miss Seaton and the President's appeal follow:

"The President has today appointed a Red Cross war council consisting of Henry P. Dawson, J. P. Morgan, Charles D. Horton, G. M. P. Murphy, Cornelius M. Bliss, Jr., Edward N. Hurley, with William H. Taft, chairman; Elliot Wadsworth, vice chairman; of the executive committee, ex-officio members. The president today issued the following statement:

"I have today created within the Red Cross a war council, to which will be entrusted the duty of responding to the extraordinary demands which the present war will make upon the services of the Red Cross both in the field and in civilian relief. The best way in which to impart the greatest efficiency and energy to the relief work which this war will entail will be to concentrate it in the hands of a single nation-wide organization which has been recognized by law and by international convention as the public instrumentality for such purposes."

Indeed, such a concentration of administrative action in this matter seems to be absolutely necessary and I hereby earnestly call upon all those who can contribute either great or small to the alleviation of the suffering and distress which must inevitably rise out of this fight for humanity and democracy to contribute to the Red Cross. It will be one of the first and most necessary tasks of the new war council of the Red Cross to raise great sums of money for the support of the work to be done and done upon a great scale. I hope that the response to their efforts will be a demonstration of the generosity of America and the power of genuine practical sympathy among our people that will command the admiration of the whole world."

"In view of the above it is necessary to modify the plan outlined in circular 29. For the use of the war council the national finance committee appointed by President Wilson, headed by Cleveland Dodge and Seward Prosser of New York, will raise a great Red Cross war fund through our chapters. Not a moment must be lost in preparing ourselves to meet the pressing calls from Europe and the emergencies which we are soon to confront here. Every chapter should at once mobilize and enlist a finance committee for this work which is of the utmost importance and urgency. Call immediately a meeting of your executive committee to make far-reaching campaign as we seek to confidently for large results. Please telegraph the names of the members of your finance committee to Seward Prosser, American Red Cross, Washington, D. C. You will be promptly and fully advised by Mr. Prosser regarding his plans and methods. The war council is organizing today. The increasing need among our allies for supplies that can be furnished quickly only by purchase, as reported by Herbert Hoover, and the inevitable developments of home needs as we approach mobilization of vast numbers of American troops, make it clear that to meet the unprecedented situation, the war council must ask that each chapter retain from the proceeds of the Red Cross war fund campaign an amount for local needs not in excess of \$25. Print the total raised by it."

"Many of our chapters, appreciating the situation, will turn over the total amount so raised to the Red Cross war fund. The war council whenever possible with advantage will authorize expenditures for specified supplies by the chapters in their own communities and particularly for the purchase of materials to be made by the chapters into the needed articles. The funds as raised are to be deposited by each chapter in its local bank in a special account to be known as the Red Cross war fund, to be remitted to national headquarters as required. Later the war council will take full account of the needs of chapters for local civilian relief which will become greater as our troops are mobilized. Please at once call together your executive committee and telegraph me assurance of their co-operation in President Wilson's far-sighted plans for our Red Cross. Give this message full publicity."

## ARE YOU GUILTY?

A FARMER carrying an express package from a big mail-order house was accosted by a local dealer.  
"Why didn't you buy that bill of goods from me? I could have saved you the express, and besides you would have been patronizing a home store, which helps pay the taxes and builds up this locality."  
The farmer looked at the merchant a moment and then said:  
"Why don't you patronize your home paper and advertise? I read it and didn't know that you had the stuff I have here."

# SOCIAL and PERSONAL

About \$300 for the benefit of the Connelville Red Cross Chapter was realized at a large and delightful dance given last night at the armory under the committee of Mrs. Charles Davidson, Mrs. John L. Gans, Miss Katharine Friesbe, and Miss Anne White. The dance was the largest given in recent years and was a wonderful success in every respect. The spacious armory never accommodated a larger and jollier crowd. Over 400 tickets at a dollar each were sold, and after all expenses have been paid, the remainder of the proceeds will be turned over to the Chapter. The dance was patronized by young and old, who mingled together and had a general good time. The committee and their aides, who so untiringly worked towards the success of the benefit, feel greatly encouraged over the successful manner in which it was carried out, and greatly appreciate the assistance they received from others. Realizing that the proceeds were for a worthy cause, Connelville and nearby towns generously responded and the young men and women, who acted as aides to the committee, experienced no difficulty in disposing of their tickets. Dancing commenced about 8:30 o'clock and was kept up until after midnight. The floor was thronged with dancers and the balcony and every available space on the first floor, not devoted to dancing, was occupied by spectators who cared not to dance. The floor was in fine condition and the music by Kiefer's orchestra was never better. A buffet luncheon was served throughout the evening. The decorations were patriotic in effect, small and large American flags being artistically draped about the balcony, walls and windows. Among the out of town guests were Rev. Milton S. Vanderbilt Raises "Old Glory" at Fine Patriotic Meeting.

A large crowd attended the flag-raising ceremonies at Vanderbilt last evening. The ceremony began at 6 o'clock when the school children, headed by the Vanderbilt Italian band, marched along the main street. As an 8x12 flag was unfurled at the top of a 50-foot pole, the band played "The Star-Spangled Banner," and the school children sang patriotic songs.

Colonel J. J. Barnhart of Sunnyside, introduced the speakers for the evening, who were: Mrs. Gertrude Fuller of Pittsburgh; Attorney George Jeffries of Uniontown; Rev. David Miner of Dunbar; A. S. Pollak and Rev. D. C. White of Vanderbilt.

All the addresses were forceful, impressing on the audience their duty to the country in the present crisis. The speaking was followed by more patriotic music by the band.

Tags bearing a flag and the inscription, "I'm for Uncle Sammy, Are You?" were distributed by Vanderbilt Lodge No. 32, Loyal Order of Moose.

## RED CROSS MUST RAISE GREAT SUM, PRESIDENT SAYS

Continued from Page One.

dedication ceremonies were held here today for the new American Red Cross headquarters, a big white marble structure, with President Wilson, Secretary Baker and former President Taft on the program.

RED CROSS MAY SELL TICKETS FOR CHAUTAUQUA

A meeting of the executive committee of the Connelville chapter of the Red Cross was held yesterday afternoon to consider a proposition to sell tickets for the forthcoming Chautauqua. The local guarantors had proposed that if the chapter disposed of 1,000 tickets, the proceeds in excess of 750 tickets would be turned over to the Red Cross.

After a discussion of the proposition the committee decided that it should not assume the responsibility of deciding the question but would refer it to the membership body at the meeting to be held in the high school on Monday evening.

President Higbee, of the guarantors' association, has called a meeting of that body to be held in his office Monday evening at 8 o'clock, the call urging a large attendance as matters of importance are to be considered.

A mass meeting in the interest of the Red Cross movement will be held in the Soloson Theatre Sunday afternoon, May 20. Ernest W. Corn of New York, representative of the national organization, will be the speaker. The meeting will start at 3 o'clock and everybody is invited. Kiefer's orchestra will play. Kiefer is chairman of the committee in charge.

The program follows: Invocation, Rev. Ellis B. Burgess; songs, "America," solo, "Columbia the Gem of the Ocean," Mrs. Robert S. Morion; address, Mr. Corn; solo, "The Star-Spangled Banner," Miss Mary McConnell.

## MEMORIAL DAY PLANS TALKED

Veterans Discuss Observance at Meeting of Kurtz Post Yesterday.

A committee to make arrangements for Memorial Day was appointed and plans for the month of May were discussed at a regular meeting of the William F. Kurtz Post No. 101 yesterday afternoon. W. F. Clark, E. Dunn and Henry Kurtz were named to make arrangements for Memorial Day services.

The annual visit of the schools of the city to ask the children for flowers and to stir up patriotism among the scholars will be made by members of the post on May 29. The South Connelville schools will be included in the tour, which will begin at 10 o'clock in the morning.

Flags will be displayed on the graves of the soldiers Tuesday afternoon, May 29. On Sunday, May 27, the post, the Ladies Circle, and Spanish-American war veterans will attend services in the United Brethren church on Lincoln avenue.

A special meeting has been called for May 18, at 2 o'clock. On that day, L. F. Arnesburg, chief commander, and staff will visit the post.

There are four birthdays the veterans will celebrate this month: Ashman Driest, May 16, at 345 East Crawford avenue, 72 years old; A. S. Haddock, May 16, at 1124 West Crawford avenue, West Side, 76 years old; Alfred Brashers, May 23, at Vanderbilt, 71 years old; Walter Dull, May 30, at 112 South Cottage avenue, 74 years old.

## TEACHERS GET SALARY RAISE

School Board Grants Increase Approximating 6.2 Per Cent of Total Payroll.

At a meeting of school board last night it was decided to re-elect all old teachers who apply and increases in salary approximating 6.2 per cent of the total payroll were granted them. So far only two teachers have announced that they will not apply.

H. M. Springer, athletic coach and high school faculty member, will go to Bellevue and Miss Mary Jane Stryker, supervisor of music, has secured a position at Duquesne, N. J.

The salary raise affects most of the teachers although the increases are of different amounts. About \$300 will be added to the monthly payroll, which is now approximately \$5,300.

The contract for all hardware for the Crawford school, West Side, was let to the Swank Hardware Company of Johnstown, for \$575.00. Of this amount, the general contractor, George Schoenck, will pay \$350.00 and the school board \$225.00; the \$350.00 being provided for in the specifications. The hardware will all be that of the Corbin manufacture.

"MY COUNTRY."

How Can I Serve Her Most Effectively?

President Wilson answers the question in these words: "If you cannot fight you can work and save. This is the time for America to correct her wastefulness and extravagance." Every dollar you deposit in a bank now helps your country, the old, reliable First National invites both your check and savings account.—Adv.

## The Grim Reaper

MRS. MARY RODGERS APPLIGATE. Mrs. Mary Rodgers Appligate, widow of William F. Appligate, at one time circulation manager of The News, died this morning at 2:10 o'clock at the home of her son-in-law and daughter, Mr. and Mrs. Joseph J. Thompson, in East Cedar avenue. Sixteen days ago she was stricken with apoplexy and failed to improve, suffering partial paralysis.

## BIG CLASS EXAMINED

One Hundred and Seventeen Seek Admission to High School.

One of the largest classes of eighth grade pupils in the history of the Dunbar township schools took the examination for entrance to the high school today at the high school building at Levensburg No. 1. Examinations in seven branches were given to 117 boys and girls by a committee composed of R. K. Smith, supervising principal of the Dunbar township schools; W. E. Tietbohl, township high school principal; J. C. Grossman, Bryce Colbert, William Grunizer, Campbell Yethers and J. G. Baker.

On account of the large number taking the examinations, it is likely that more than a day's time will be devoted to them.

Miss Golden Boudess. Miss Mabel Golden entertained the Four Hundred club of Dunbar last evening at her home at Dunbar. The evening was delightfully spent at fancy work, followed by dainty refreshments. Mrs. Harry Louiden will entertain the club at its next meeting. Miss Sarah Everett was an out-of-town member present.

MILMAGN-MILMAGN. Miss Nellie Milmag, eldest daughter of Mr. and Mrs. John Milmag of Pittsboro, and Raymond McBeth, of Buena Vista, were married April 28, in Pittsburg. Mrs. McBeth, who is a teacher in the Owensdale school, will teach until the close of the term. After that Mr. McBeth and his bride will be at home at Buena Vista.

The Most Beautiful Car in America

MOST people are frankly astonished when they learn that such a large, ultra luxurious motor car as the Paige Stratford "Six-51" can be purchased for \$1495.

In fact, it seems to be generally recognized that no car on the American market offers so much actual dollar-for-dollar value. If you have investigated the "Stratford," you probably feel the same way about it.

But don't delay too long, please, in placing your order. At least make a reservation while we can continue to promise early delivery.

When you order a sundae at Collins' you get what you ask for. Our clerks are impressed with the importance of serving you what you order. They don't make mistakes very often.

## THOMPSON ASSETS TAKEN POSSESSION OF BY CREDITORS

Continued from Page One.

The official announcement of the action taken at the meeting of the Creditors Committee was made in the following statement given out by A. C. Robinson, chairman:

"The receivership of Mr. Thompson, having been set aside, the property of Mr. Thompson, under the deposit agreement dated January 21, 1916, is now in the possession of the committee and the committee has taken active steps to assume possession and control of the assets."

The committee is engaged in negotiations with responsible parties looking to the acquisition by them of all the unsecured claims represented by the committee, for a substantial consideration in cash or its equivalent. These parties are amply able to carry out any contract entered into by them and in case they acquire the unsecured claims, still at once to the secured indebtedness and proceed to liquidate the arrears of interest and taxes."

The committee has referred this matter to its counsel for the drawing and execution of the contract and, as soon as it is ready, will submit it to the depositing creditors for their acceptance."

## TO CUT SCHEDULES

Baltimore & Ohio Will Eliminate Some Passenger Trains.

BALTIMORE, May 12.—Owing to the extraordinary demands upon the Baltimore & Ohio railroad for service growing out of the emergency, Vice President A. W. Thompson, head of the traffic department, has determined upon a policy for the elimination of such passenger trains as will occasion the least public inconvenience while enabling the company to carry out the wishes of the government authorities in respect to the prompt delivery of foodstuffs and supplies of all kinds and the quick handling of troops.

Special excursions on the main lines of traffic of the Baltimore & Ohio will be restricted as far as possible so as not to interfere with the movement of government business and important freight traffic during the war emergency. This plan will release many locomotives needed for the movement of materials used in defense preparations as well as food shipped to America's allies. It will also enable the Baltimore & Ohio to quicken its service for the nation by transferring machines, tractors and other supplies to exclusive handling of shipments which are required to keep the industries going and supply food to the local market as well as those of Europe.

Excursion service to points on branch lines will not be taken off at present.

## AUTOIST ARRESTED.

Number of Machine Taken and Owner Will Be Fined.

Determined to enforce the traffic ordinance the police are taking the numbers of automobiles which violate the parking rules by stopping them in the main streets more than 15 minutes. Last evening Patrolman Wood took the number of a Buick machine which stood in front of the First National bank building for two hours and a half. The car was also on the wrong side of the street.

Chief of Police Rottler will notify the owner to appear for a hearing before Mayor Marietta on Monday morning.

## NO EVADING DRAFT LAW

Impossibility for Registration Board to Show Favoritism, Either.

WASHINGTON, May 11.—Escape from conscription under the new law will be impossible and a heavy penalty is provided for false registration. Provost Marshal General Crowder last night issued a statement declaring that it would be impossible for registration boards to show favoritism.

"Every precaution," said the statement, "will be taken to make it certain that the registration will be conducted with exact justice."

"The law is specific and allows no latitude to the boards, either in the matter of registration or in the later matter of exemption from service. In fact the law is self-executing. Every man within the age limits fixed by the selective service act must register, and the penalty of the law for evasion of registration will fall, not only on the man who fails to appear, but on any member of a registration board who may be shown to be in collusion with the person who attempts to escape this duty."

"Further than this the registration boards will never act as exemption boards except in certain specific cases, such as where a young man who has registered shall claim to be employed in a federal, state or local office, and thereby comes within the exemption clause of the statute. In a case like this the facts must be entered officially and attested."

"So far as the other reasons for exemptions under the law are concerned, exemptions for men engaged in pursuits in which their work is more valuable at home than in the service, the authority will lie with a board of higher jurisdiction."

"The law provides the penalty of imprisonment with an alternative of fine for any official or any registered man who shall make a false return or connive at such a practice. These safeguards against favoritism or evasion are ample."

## BOY IS RUN OVER

Walker Horvick Combs Into Big Garbage Wagon.

While coasting in a small express wagon in South Prospect street yesterday afternoon about 1:30 o'clock, Walker Horvick, Jr., the four year old son of Mr. and Mrs. Walker Horvick, was run down by a garbage wagon and narrowly escaped serious injuries. The driver of the wagon, whose name was not learned, was driving off South Prospect street into South alley, and it is said he made no effort to stop the horses. The small wagon, in which the boy was coasting was stopped by contact with the wheel of the wagon.

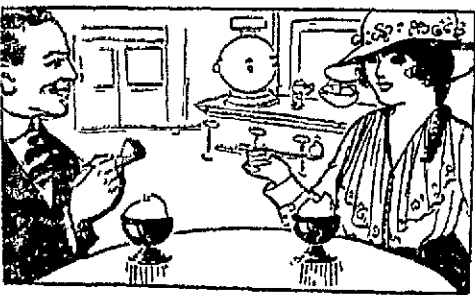

The boy was thrown under the horses, the animals stepping over his body. A man who was standing nearby pulled the boy from beneath the wagon, and the driver, it is alleged, did not stop to see how seriously the lad was injured. He was taken to his home in South Prospect street and a physician was immediately summoned. As yet he is unable to determine the extent of the boy's injuries. He was crushed and is suffering from bruises of the body.

BLACK SAFETY TREAD TIRES

THE balance line for the Ford car is drawn, and the sum total of its perfection struck with that new Goodrich tire, the bigger and better Ford car tire—Goodrich's "Three-Seventy-Five."

OF SUPER-SIZE AND SUPER-STRENGTH it not only meets the INDIVIDUAL NEEDS of the Ford car, —but DOUBLES its VIRTUES.

New as today, it is nevertheless already familiarly known by the knowing as—

Goodrich's

Its heroic size, however, is designed to fit 30-inch rims on Ford cars. It is made solely with the five-finger safety tread.

It costs but little more than ordinary tires at the outset; and the natter appearance and added comfort it gives your Ford car, and its own greater dollar ECONOMY, make it the better buy in the end.

SMITHFIELD, May 12.—Mortford Gutter left Friday for Port Niagara. The order came to him here Thursday and was communicated to him at the West Virginia University at Morgantown.

J. H. Miller of Ruble, was a business visitor here yesterday.

Dr. Andrew Milton Stewart who died April 30 at his home in New York City, his friends think, deserved more of an obituary notice than he got from the press of the county in which he was born and lived until he passed his majority. He belonged to one of the best known families of Southern Fayette county. The subject of this sketch was born on a farm in Springhill township, June 3, 1818, a son of William and Matilda Stewart, who were the parents of 10 children, all deceased but two, Mrs. J. C. High of Smithfield and Mrs. Caroline Morgan of Uniontown. After graduating from the Pennsylvania Dental College, he married Miss Marquitta Abraham of Smithfield, who with three sons two of whom are dentists, the other an electrician in New York City, survive. He practiced his profession in Smithfield and for a number of years in Connellsville prior to his removal to New York. He was skilled in his profession, pulling many of his patients' teeth with his fingers, ignoring the use of forceps in the operation.

## URBAN POPULATION GREATLY

Increased; Has a Great Effect on the Food Supply.

When we consider that 81% of the whole population of this country lives in cities, we can understand the needs of an increase in food products, which come chiefly from the farms. It is an urgent call. It is a call upon the patriotism of every farmer, farm hand and land owner. Every acre should produce its quota of food products. The time to plan for this result is at hand. No delay can be allowed. Plant big acreage. Plan for a big yield. Work for a bumper crop. Prices will be good. The country's need is the farmer's opportunity. # NEW YORK'S WELCOME TO THE FRENCH UNEQUALED IN THE CITY'S HISTORY

NEW YORK GIVES GREETING TO THE FRENCH DELEGATION

Joseph Joffre, marshal of France; René Viviani, vice president of the council of ministers, and the other members of the French war commission in this country reached New York after a tour through the middle West, and found such a welcome as the city had never before accorded to any man or group of men. No demonstration of recent times, not even that in Downey's honor when he returned from his official conquests in 1893, has surpassed in warmth that which was given to the representatives of the nation which, after 135 years, is again our ally, and no demonstration in the city's history ever brought forth the number of people that came out to look at the victor of the Marne. Nor was the city ever more gayly decorated.

The crowds were bunched and massed in thousands around Battery place. They filled every window of the soaring skyscrapers along lower Broadway and about city hall park. They packed the sidewalks and the streets leaving a lane so narrow that the best efforts of the police could with difficulty keep it clear for the motorcars of the visitors. They stood for hours in masses along the streets of middle Manhattan and along Fifth avenue, waiting through cold wind and intermittent rain for a glimpse of the man who stopped the Germans almost at the gates of Paris.

Upper picture shows part of the Frenchmen with "La Marseillaise" center, M. Viviani, at left, and Marshal Joffre; left, boy scouts, "Pyramided" to greet the delegation.

## HITTERS VALUED MORE THAN STAR PITCHERS

Salaries Prove That Slugger With Bat Has Advantage.

Which is the most valuable asset to a ball club—a great pitcher or a great hitter? Here is a question that may be argued pro and con from morning till night, and many reasons can be advanced from both ends of the argument.

But if you want to take a salary bank for it, the argument will end in favor of the great hitter, for the club owners prove it by the salaries they pay.

Take the great hitters of the game—Speaker, Cobb, Chase, Wagner, Jackson and others. Speaker, Cobb and Wagner have for a number of years been the highest salaried players in the game, and whenever it comes to squar-

ing the highest salary out of the pocketbook of a club owner the great offensive player has the best chance to collect.

The managers are willing to pay more money for the offensive star than they will part with for a player whose main value is his defensive strength. For baseball is a game where offensive playing is the most difficult, and whenever a player shines above his fellows in attacking power he can command the largest salary every time.

## THE PERILS OF PETEY—"Gee Whizz!" Part Five.

By C. A. Voight.

There was a reason, of a sort, for his silence; two of them, to be exact. For one, he was troubled by that haunting sense of familiarity which was still trying to tell him that this was not his first meeting with Colonel Baldwin's daughter; and the other, much bigger and more depressing, was the realization that in breaking with his past, he had broken also with the world of women, at least to the extent of ever asking one of them to marry him.

He pushed the thought aside, coughed back to the other one—the puzzle of familiarity—when Miss Baldwin pointed to a transplanted Missouri farm mansion, with a colonnade of portico, standing in a grove of cottonwoods on the left-hand side of the road, telling him it was Hillcrest.

There was a massive stone portico fronting the road, and when he got down to open the gates the young woman took the wheel and drove through; whereupon he decided that it was time for him to break away, and said so.

"But how will you get back to the camp?" she asked.

"I have my two legs yet, and the walking isn't bad."

"No; but you might meet those two men again."

"That is the least of my troubles," Miss Corcoran Baldwin, like the Misses Corcoran, her father, came upon moments when and then when she had the ultimate courage of her impulses.

"I should have said you didn't have a trouble in the world," she asserted, meeting his gaze level-eyed.

The polite paraphrase of the confined period was slipping to the end of his tongue, but he set his teeth upon them and said, instead: "That's all you know about it. What if I should tell you that you've been driving this morning with an escaped convict?"

"I couldn't believe it," she said calmly.

"Well, you haven't—not quite," he returned, adding the qualifying phrase in sheer honesty.

She had untied her veil and was asking him hospitably if he wouldn't come in and meet her mother. Something in the way she said it, some little twist of the lips or look of the eyes, touched the corners of complete recognition, and the familiarity puzzle was solved instantly.

"You forget that I am a workman," he smiled. "My gaze in the quarry will think I've found a bottle somewhere. And then: 'Did you ever lose a glove, Miss Baldwin—a white kid with a little hole in one finger?'"

"Dogs of them," she admitted, "and most of them had holes, I'm afraid. But what has that to do with your coming in and meeting mamma and letting her thank you for saving my life?"

"Nothing at all, of course," he hastened to say; and with that he bade her good-by rather abruptly, and turned his back upon the transplanted Missouri mansion, muttering to himself as he crossed the portal gates behind him: "Baldwin, of course! What an ass I was not to remember the name! And now I've got the other half of it, too; it's 'Corcoran.'"

**CHAPTER VII.**  
Timanyoni Ditch.

Smith had his vote of thanks from Colonel Dexter Baldwin in Williams' sheet from office at the dam, the colonel having driven out to the camp for the express purpose; and the chief of construction himself was not present.

"You've loaded us up with a tolerably heavy obligation, Smith—Corry's mother and me," was the way the colonel summed up. "If you hadn't been on deck and strictly on the job at that railroad crossing yesterday morning—"

"Don't mention it, colonel," Smith broke in. "I did nothing more than my man would have done for any woman. You know it, and I know it. Let's leave it that way and forget it."

The tall Missourian's laugh was directly appreciative.

"I like that," he said. "It's a good, manly way of looking at it. You know how I feel about it—how any father would feel; and that's enough."

"Fifty," was the brief rejoinder.

"But there's another chapter to it that neither of us can cross out; you'll have to come out to the ranch and let Corry's mother have a look at it," Baldwin went on. "I couldn't figure you out of that if I should try. And

now about those eldritch jumpers: I suppose you didn't know any of them by name?"

"No."

"Corry says you gave them the time of their lives. By George, I wish I'd been there to see!" and the colonel slapped his leg and laughed. "Did they look like the real thing—sure enough prospectors?"

"They looked like a bunch of hired assassins," said Smith, with a grin. "It's some more of the interference isn't it?"

"The colonel's square jaw settled into the fighting angle."

"How much do you know about this business mix-up of ours, Smith?" he asked.

"All that Williams told me in a little heart-to-heart talk we had the other day."

"You agreed with him that there was a tolerably big digger in the wood pile, didn't you?"

"I had already gathered that much from the camp gossip."

"Well, it's so. We're just about as helpless as a bunch of cattle in a stock pen," was the ranchman's presidential confirmation of the camp guesses.

"What in the name of the great hen spoon can we do—more than we have done?"

"There are a number of things that might be done," said Smith, falling back reflectively upon the presumably done and buried bank-vaulter part of him.

"And if you can manage to stay in the game and play it out, there is his money in it for all of you, enough to make it well worth while for you to put up the fight of your lives."

"The money?—you mean in saving our lives?"

"Oh, no; not at all; in clinching the other fellows," Smith put in genially.

Colonel Dexter Baldwin lifted his soft hat and ran his fingers through his grizzled hair.

"Say, Smith; you mustn't forget that I'm from Missouri," he said half quizzically.

"But I shouldn't think you'd need to be 'shown' in this particular instance," was the smiling rejoinder.

"The chance to sell you people water from your own dam isn't the only thing or the main thing in this case. They are obliged to have this dam site, or, at least, one as high up the river as this, in order to get the water over to their newly alienated grant in the western half of the park."

"You've got it straight," said the colonel.

"Very good. Then they're simply obliged to 'ave your dam, or—' Don't you see the alternative now, colonel?"

"Heavens to Betsy!" exclaimed the breeder of fine horses, bringing his fist down upon Williams' desk with a crash that made the ink bottles dance. And then: "What a lot of fence-posts we are—the whole kit and 'b'llin' of us! If they get the dam, they sell water to us; if they don't get it, we sell it to them!"

"That's it, exactly," Smith put in quietly. "And I should say that you strike in the name is worth the stiffest fight you can make to save it. Don't you agree with me?"

"Great Jehu! I should say so!" ejaculated the amateur trust fighter. Then he broke down the barriers manfully. "That strikes it, Smith. You can't argue out of it now, no way or shape. You've got to come over into Macedonia and help us. Williams tells me you refused him, but you can't refuse me."

If Smith hesitated, it was only partly on his own account. He was thinking again of the young woman with the honest eyes when he said: "Do you know why I turned Williams down when he spoke to me the other day?"

"You're a 'fame duck' of some sort. But that's our lookout. Bartley is ready to swear that you are not a crooked crook, what ever else it is that you're dodging for."

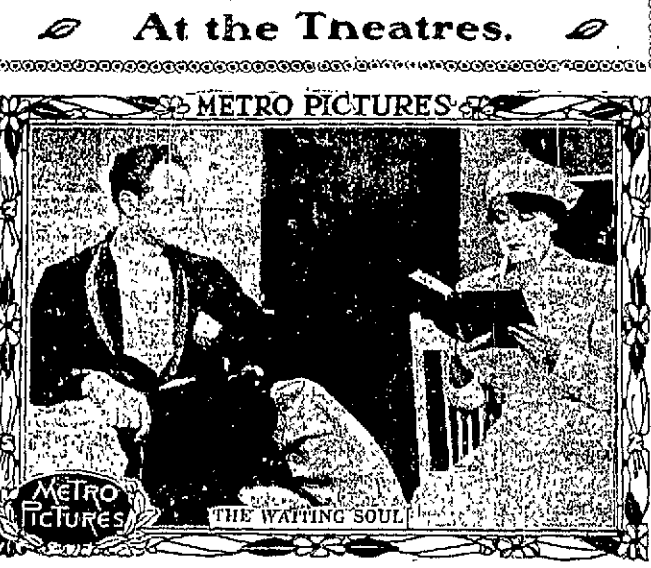

"I've agreed to force the yesterday incidents," the lame duck reminded him quickly. And then: "I ought to say 'No,' Colonel Baldwin; say it straight out, and stick to it. If I don't say it—if I ask for a little time—it is because I want to weigh up a few things—the things I can't talk about to you or to Williams. If, in the end, I should be fool enough to say 'Yes,' it is only due to you to say that, right in the middle of the scrap, I may fall to pieces on you."

Baldwin was too shrewd to try to push his advantage when there was or seemed to be, a chance that the desired end was as good as half attained. And it was a purely manful prompting that made him get up and thrust out his hand to the young fellow who was trying to be as frank as he dared to be.

"But if there, John," he said heartily. "Nobody in the Timanyoni is going to pry into you an inch farther than you care to let 'em; and if you get into trouble by helping us, you can count on at least one backer who will stand by you until the cows come home. Now, then, hunt up your coat, and we'll drive over to Hillcrest for a bite to eat. I had my orders from the missus before I left town, and I know better than to go home without you. Never mind the commissary khaki. It won't be the first time that the working clothes have figured at the Hillcrest table—not by a long shot."

**THE WAITING SOUL**  
The Paramount.  
"PADDY O'HARA."—A five part Triangle feature and a two reel Keystone comedy, are today's attractions. In "Paddy O'Hara," William Desmond, the Triangle star, plays the part of an Irish war correspondent for a big London daily. The story, which is the work of J. G. Hawks, flashes with humor and excitement throughout its rapid fire action. Desmond, because of his Irish wit and dare devilry is assigned by his newspaper to get authentic news from the war front in the Balkans. He not only secures a journalistic scoop, but bears off a princess whose father has been forced from his castle by his enemies. The grandeur of the mountains and sweeping valleys distinguishes the setting of this production. Dainty Mary McEvoy, wearing the uniform of an army officer, of a Balkan state, is a picturesque figure in the scenes of "Paddy O'Hara." Other members of the cast are, Robert McKim, J. J. Dowling, and Wall Whitman. Monday Madame Petrova will be seen in "The Waiting Soul," a five part Metro attraction and a chapter of "The Great Secret," starring Francis X. Bushman and Beverly Bayne, will be presented. "The Waiting Soul" combines beautiful photography and beautiful surroundings with an unusually strong story. The scene is divided between England and America. Wednesday and Thursday, "The Crisis," one of the greatest motion pictures ever produced will be presented.

of an inferior grade. NOT SO HERE. Our policy of "QUALITY FIRST" is being strictly adhered to in ALL THINGS. It will be to your advan-  
tage to remember this fact in comparing any offers made elsewhere with those we have prepared for Saturday. Every reduction made, every state-
